Branch Operating Notes

- The South Africa branch has 32 employees.
- Branch leadership meets every Monday to review goals, blockers, customer risks, and staffing.
- Employees must keep project notes current in the global Company X workspace.
- Customer-facing employees should record customer feedback after every major call.
- Engineering and data employees should link technical decisions to the relevant branch workstream.
- The branch contributes to global Company X projects when local knowledge or timezone coverage is needed.
